

Spyre Therapeutics Added to the Nasdaq Biotechnology Index

December 18, 2024

WALTHAM, Mass., Dec. 18, 2024 /PRNewswire/ -- Spyre Therapeutics, Inc. (NASDAQ: SYRE), a clinical-stage biotechnology company utilizing best-in-class antibody engineering, rational therapeutic combinations, and precision medicine approaches to target improved efficacy and convenience in the treatment of Inflammatory Bowel Disease ("IBD"), today announced Spyre has been added to the Nasdaq Biotechnology Index (Nasdaq: NBI), effective prior to market open, Monday, December 23, 2024.

The NBI is designed to track the performance of a set of securities listed on The Nasdaq Stock Market® that are classified as either biotechnology or pharmaceutical according to the Industry Classification Benchmark. Companies in the Nasdaq Biotechnology Index must meet eligibility requirements, including minimum market capitalization, average daily trading volume and seasoning as a public company, among other criteria. The NBI is evaluated annually in December and is calculated under a modified capitalization-weighted methodology.
